

## Declaration of compliance with REACH obligations (SVHC substances)

In accordance with Article 33, paragraph 1, Regulation (EC) No.1907/2006 of the European Parliament and of the Council on the Registration, Evaluation, Authorisation and Restriction of Chemicals – REACH – Hašpl a.s. is obliged to inform customers about defined chemicals that are contained in its products, whether manufactured in the EU or imported into EU Member States. For a product containing substances meeting the criteria of Article 57, which have been identified there in accordance with Article 59, paragraph 1, in concentrations above 0.1% by weight, Hašpl a.s. is obliged to provide sufficient information to enable safe use of this product.

Following our aforementioned obligations, as part of the SVHC Substance Identification Process, we:

- Assess available technical data related to the presence of SVHC substances in our products, their ingredients or packaging.
- communicated with our suppliers to exclude or confirm the presence of SVHC substances in any of the components of our products.

Based on the results of this process, we confirm that the products we currently make available on the market do not contain any SVHC substances in concentrations above 0.1% w/w.

The company Hašpl a.s. undertakes to continue fulfilling the requirements of Directive No.1907/2006/EC (REACH) in the current version SVHC list from 23.1.2024 and to inform customers about changes in the products.
